

Mesh Current Method

Michael Brodskiy

Professor: N. Sun

January 25, 2023

- Review of Linear Equations
 - Write the matrix form of the linear equations
 - Solve the Matrix expression $\mathbf{A}x = \mathbf{B}$
- Mesh Current Method
 1. Find n meshes
 2. Write n KVL equations, defining current flow as clockwise
 3. Solve n equations¹

¹Current sources lead to special cases
